Victory Hallelujah April 9, 2019 Carolyn Lambreth

Victory Hallelujah

The sound of our voice is the most powerful weapon we possess. The best thing we can do in a crisis or disappointment is shout the Victory.

2 Chronicles 20.17 (KJV) says that King Jehoshaphat was the King of Judah and Jerusalem and had just received word from the prophets that three armies – the Ammonites, Moabites, and the people of Mount Sier, were coming to war against him and his people, they were larger, stronger and bigger than Juahah's people, these armies had one goal total annihilation.

It was a time of great fear and panic. Jehoshaphat proclaims a fast because of the fear and panic. He called the people together for assembly kneeling before God on their face.

Jehoshaphat sought the Lord and called upon his name, while he prayed the spirit of God fell on one of the prophets who said "you will not need to fight in this battle, stand firm hold your position and see the salvation of the Lord on your behalf; tomorrow go out against them, the Lord will be with you".

The Lord is with us. When God moves through us he emphasize our authority when God moves for us, he emphasize our sonship.

When we are in a battle listen to the Father, when he says stand still, what may seem restful for us, actually violates the enemy.

In 2 Chronicles 20.21 (NIV) it says Jehoshaphat prepared the army according to the Lord's instructions but he implements his own ideas that change everything, Jehoshaphat appointed singers and musicians to stand at the front lines of Judah's army commanding them to sing. He made his weapon a melody singing...

Victory for Detroit

Jehoshaphat gave thanks before he won the battle. We can give thanks after God moves or before we see changes...if we need healing, financial or a deeper relationship with him, he is the Provider. He has the Victory.

Isaiah 60.18 KJV

¹⁸ ...you shall call your walls Salvation and your gates Praise.

Psalm 24.7 (KJV) tells us that we are building a gate (Detroit) a place of entrance and access for the King of Glory to come into the current situation.

Jehoshaphat and the army sang praises as they marched forward to go to battle, creating a place of entrance for God to come into their situation.

2 Chronicles 20.22 KJV

²² And when they began to sing and praise the Lord, the Lord set in ambush against the men of Amman, Moah and Mount Seir who had come against Judah.

God wants us to sing in the middle of our storms and know who he is despite our circumstances.

Victory is ours. When we make our weapon a melody; heaven comes to fight for us.

After the Moabite, Ammonites and Meonites killed each other Judah collected the spoil from the camp.

VICTORY, VICTORY, VICTORY
